- Short term (1-4 years)

### BEST PRACTICES

- US
- Friuli Venezia Giulia Region – Italy
- Veneto Region – Italy
- Marche Region – Italy
- Apulia Region – Italy
- Zagabria – Zagrebačka županija – Croatia

### CRITICALITIES

Funds and communication issues.

### SCOPE OF THE ACTION

- Adaptation
- Mitigation

## TYPE OF PROPOSED ACTIONS

- Soft

## SECTOR OF ACTION

- Agriculture / Forests / Land use
- Aquaculture / Fishing
- Biodiversity / Conservation of ecosystems
- Coastal management
- Energy
- Industry
- Tourism and leisure
- Transport and infrastructure
- Urban settlement
- Waste management
- Water resource management

## CLIMATE IMPACTS

- Change or loss of biodiversity
- Coastal erosion
- Drought
- Extreme precipitation
- Extreme temperatures
- Fires
- Floods
- Salinization and acidification of water
- Strong winds

## IMPLEMENTATION SCALE

- Association of municipalities
- Municipality
- Province
- Region / Country
